Model 272 in Black with Short Plain Left Vertical Windows

AMBIENT SERIES

Lifetime Limited WARRANTY

These stylish residential garage doors offer the beauty of a wood-like design with the strength and low maintenance of steel. Available in 18", 21", and 24" sections, the triple-layer construction features polyurethane insulation between two steel skins providing durability, noise reduction, and thermal efficiency. A choice of 9 standard colors and 12 wood tones lets you create the perfect door for your home.

Crafted for Beauty, Engineered for Performance

CONSTRUCTION

Two deep-drawn, tension-leveled, galvanized steel skins are polyester painted. The skins encapsulate a high density injected polyurethane core which is bonded using a polyurethane adhesive. Section joints sealed with a polypropylene bulb thermal break anchored within the polyurethane core. This construction method provides superb thermal performance, durability, strength, sound deadening qualities, and dent resistance for an all-around superior product.
